Important:

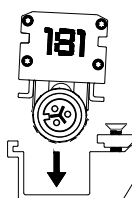

- Make sure power is disconnected during installation or maintenance
- Do not attempt installation in wet or severe weather conditions
- Keep cables protected from sharp objects to prevent damage
- Make sure unconnected fixtures are not exposed to raining/ snowing environment

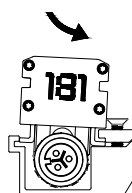

For waterproof connection make sure that the last fixture has the endcap connector fixed to the last output connector

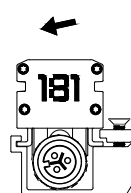

1. Mount bracket

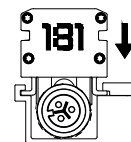

2. Place fixture in bracket

3. Place feet under plate

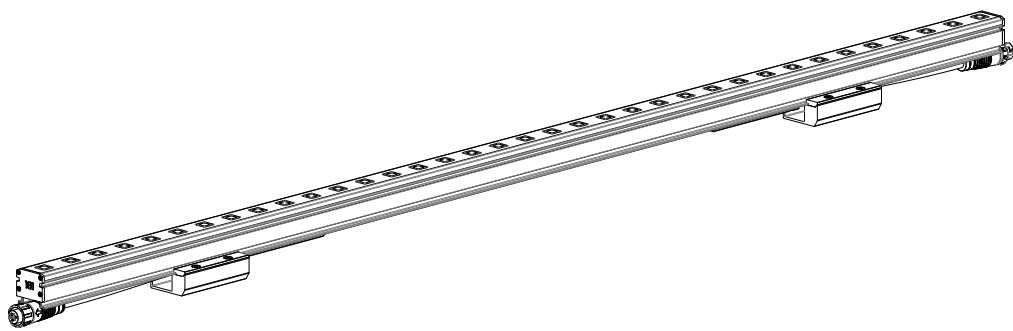

4. Move sideways

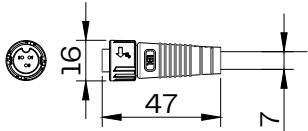

5. Tighten the torx screws
