

Important:

- Make sure power is disconnected during installation or maintenance
- Do not attempt installation in wet or severe weather conditions
- Keep cables protected from sharp objects to prevent damage
- Make sure unconnected fixtures are not exposed to raining/ snowing environment

For waterproof connection make sure that the last fixture has the endcap connector fixed to the last output connector

When the fixture is installed cables are connected between the fixtures the cable guide be placed to make sure the cable will not make any unnecessary movement
